TO WHOM IT MAY CONCERN

This is to certify that we have used the products of **Laticrete India** for the **Australian High Commission Project at New Delhi**. The Products used are **Miracle 511 impregnator** for Sealing Imperial White Granite area 24000 sft on Floor and **Miracle 511 Poros Plus** for sealing Sandstone approx 40,000 sft on external façade

Also we have used **Laticrete Latapoxy SP100** epoxy grout for grouting the tiles in bathrooms and water bodies.

We are fully satisfied with the performance imparted by them. We highly appreciate the Sales and Technical support provided by Laticrete personnel during the course of the above mentioned projects.

We take this opportunity to wish the entire team at Laticrete India Pvt. Ltd. the very best for the future would certainly use their products for problem free and permanent installation of Tile and Stone Installations in our future ventures.

With Warm Regards.

Sincerely,
APP India
